## DENTAL OFFICE

OUR 10-YEAR ANNIVERSARY

OUR EXPANSION PROJECT

DECEMBER FREE PARKING

November, 2022

It has been a difficult two and a half years of shutdowns, limited openings, staff shortages, PPE, among so many other things, and Our prayers are that you and your families are doing well.

There were months when only our office and Longos Market were open in this section of the path, You can imagine how depressing that was.

Luckily things have changed and lines are forming at coffee shops, Longos, Food courts are filled with the laughter of people seated having their lunches, and we couldn't be happier!

Most of our clients have returned to work on a hybrid basis while others have fully returned or remained working from home. Based on the feedback we have received thus far, there are mixed emotions with the new "normal", but the consensus is that we are all aware of our new reality and we are making the best of it.

# WE ARE CELEBRATING

## OUR 10-YEAR ANNIVERSARY

We are **thankful** to you, our loyal clients, who kept coming in for your dental care while our **downtown core** felt so deserted. We thank you for your continued trust in us, **for your kind reviews and referrals**. Your continued support allowed us to keep our lights on through this pandemic that has shown us that things can change so quickly. We have become much more appreciate of our families, our health, our social life, time and so much more!

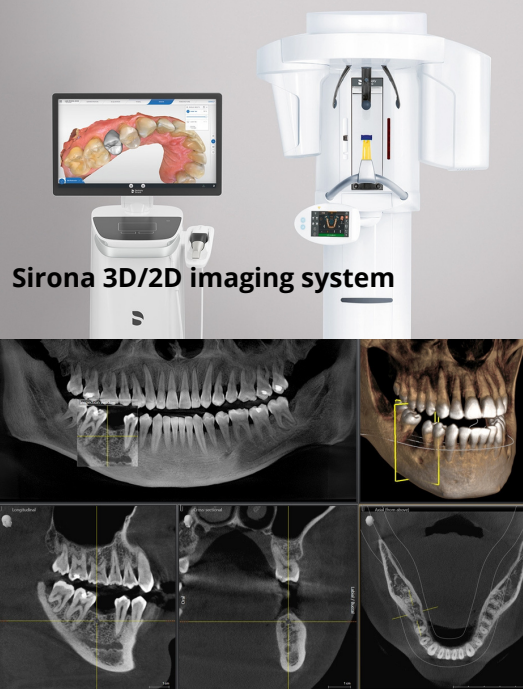

**It hasn't all been negative.** I purchased this practice from Dr. Ronald Klompus 10 years ago, and I am overjoyed to announce our expansion project which will take place very soon. This growth will allow us additional space to serve you better. We will be adding new equipment such as a digital tomography unit (**Dental CT scan**) mostly used for dental implant planning but also for complications with root canal therapy and the planning of wisdom teeth extractions. We currently have a digital scanner, and plan to soon add a unit in order to fabricate crowns in our office lab!

We are thrilled to benefit from the use of **digital equipment**, in our dental clinic.

Thank you once more for your continued support and remind those who have not yet returned for their dental care, that we are ready to serve you. The team at **ARTIN Dental** looks forward to **seeing you again soon**.

A Friendly reminder that **end of the year** is fast approaching and most dental benefits will reset. If you have dental work to do, book your appointment before the end of the year.

WE ARE CELEBRATING  
**OUR 10-YEAR  
ANNIVERSARY**

**We will remain open during this expansion.**

**Free Parking for month of December**

**End of the year is fast approaching,  
Dental benefits will reset,  
use it or loose it.**

See you soon
